Tefilla Series by Rabbi Yossi Phillip

Unlike by *Kaddish*, it is necessary for at least nine people to listen to *Chazoras Hashatz* in order to fulfill the *mitzvah* properly. It is incumbent upon the *Mispalelim* to be sure to follow along with the *shaliach tzibbur* during *Chazoras Hashatz*. It is recommended to follow along in a *Siddur* so as to avoid any distractions. It is important not to learn *Torah* or say *Tehillim* or other *tefillas* during that time.

The Next Tzei U'Lemad Agudah Thursday Night Chumash Chaburah will take place **March 31/ 22 Adar 2 (Reb Melechs zt"l Yartzeit)** and will be given by Rabbi Bixenspanner Shlita.

Bosch Cooking Products UPDATE

Please note the following about the Bosch HGI8054UC and HGIP054UC models of slide-in gas ranges:

The oven's heating source shuts off immediately when the door is opened and re-ignites when it is closed, even when the oven is in Sabbath Mode.

Consumers are advised not to open or close the oven door on Shabbos or YomTov while the oven is on.

If you own one of these models, please contact george.may@bshg.com or tyler.corby@bshg.com. Please provide your name, phone number, and email address, so that the company can coordinate service. The manufacturer is working on a fix to be provided, hopefully, before Passover.

Updates will be posted on our website.
